

Healthy Homes: A Free Training for Public Health and Housing Professionals

This **free** training is designed to help public health and housing professionals understand the **sources, health effects, and solutions** for addressing:

- ✓ Lead poisoning prevention
- ✓ Indoor air quality
- ✓ Mold and moisture
- ✓ Pests and pesticides
- ✓ Home maintenance

Participants will receive materials for sharing information with families whose health is impacted by home hazards.

September 24, 2018
1-5pm

The Lusk Center
2501 Summit Ave
Greensboro, NC 27405
