

HEALTHY HOMES

= HEALTHIER COMMUNITIES

Training for Public Health & Housing Practitioners

NATIONAL HEALTHY HOMES

TRAINING CENTER™
& NETWORK

How are we going to pay for it?

Making Homes Healthier for Residents With Limited Finances

What is this webinar about?

This webinar addresses the problem of working with residents who have limited finances to cover the cost of healthy homes fixes. The session encourages participants to think about how the healthy homes approach of “what can my program fund?” may not work well. Instead, students should think about an approach that involves identifying the highest priority fixes for a house and considering the variety of programs that might be able to fund those fixes. This webinar covers how to look for possible sources of funding.

Trainer Bio:

Jayne Windham of Livable Housing, Inc. has over 20 years of professional experience in housing and community development programs, including construction oversight for a variety of publicly-funded projects.

A nationally recognized trainer and consultant, Jayne develops and teaches courses in housing construction & rehab, IPM and healthy homes. She is a credentialed Healthy Homes Specialist, holds a BS in Engineering Management and has also worked in construction management and weatherization.

Registration and Cost:

Tuesday, September 25, 2018

2:00 p.m. to 3:00 p.m. EDT
